**President Barrett,**

**I have incurred a cost for investigation and architectural drawings in my investigation of the conflict at the newly leased Gaylen Facility, by the Governor's office and DPHHS. I am asking for some financial support in the study of the issue. I have received an invoice for 18 hours of time by EEC engineering for their drawings and 3rd party interpretation of the square footage of the complex. See the attached invoice. Thank you for your consideration.**

Regards,
